

#NoPrideHochul

Protect Life-Saving
Healthcare for
LGBTQI+ NYers
This Pride
End HIV/AIDS

**The Cuomo Carve-out
Will Close Clinics,
Cut Services & Care
for Vulnerable NYers;
Repeal It NOW!**

#NoPrideHochul

Protect Life-Saving
Healthcare for
LGBTQI+ NYers
This Pride
End HIV/AIDS

**The Cuomo Carve-out
Will Close Clinics,
Cut Services & Care
for Vulnerable NYers;
Repeal It NOW!**

As New York leaders celebrate Pride, they must acknowledge and address ongoing challenges facing our community - including the Cuomo-era plan to carve-out the pharmacy benefit from Medicaid managed care.

If Governor Hochul wants to make good on her pledge to end the HIV/AIDS epidemic by 2024, she must repeal the carve-out before Pride Month ends on June 30.

The carve-out disintegrates care for 2.1 million individuals served by community health centers and Ryan White HIV/AIDS Program clinics statewide. These safety-net facilities offer affordable, life-saving care to low-income patients living with HIV/AIDS and other chronic conditions.

If the carve-out is implemented, patients will face life-threatening service cuts and delays in accessing vital care and medications.
