Critical services funded
through 340B:

COVID-19 vaccinations

Low cost medications

Food/nutrition programs

Transportation

STI prevention programs

The proposed 340B carve out
will result in:

Fewer affordable meds

fewer people with access to the
critical medications they need

Fewer sites

32 CHC sites closed

Fewer staff

700+ staff laid off, including clinicians,
dentists, pharmacists, outreach and
support staff.

Higher costs

more people using ERs

Higher morbidity

more people not getting care

Higher mortality

more people dying
