# Documenting

---

Document that your secure connection was established, the equipment used, and the name of the treating distant provider.

Telepresenter HPI for a synchronous visit might read:

*“Patient presents to the office today for a counseling appointment with Shellie Smith MD. A secured telehealth connection with real time communication established.”*

Distant Treating Provider HPI for a synchronous visit might read:

*“Pt. seen for 45-minute FU mental health counseling session using telehealth equipment in real time with pt. in Sodus and this writer in Geneva.”*
