

PrEP for All Women: Prevention Opportunities in Clinical Practice

Tarashon Broomes-Pennicott
DNP, AGNP-C, AAHIVS
Mount Sinai Institute for Advanced
Medicine, Jack Martin Clinic

Learning Objectives:

- Discuss the existing and emerging evidence of PrEP's efficacy for trans- and cis-gender women.
- Address trans- and cis-gender women's potential concerns about PrEP as a factor in PrEP uptake.
- Describe PrEP in terms of pregnancy and pregnancy prevention.
