

STOP THE 340B CARVE OUT SET FOR APRIL 1 – IT'S NO JOKE!

\$260 MILLION AT RISK FOR NYS COMMUNITY HEALTH CENTER PATIENTS

2.3 Million New Yorkers rely on CHCs each year:

89%
Low Income
(200% FPL and below)

68%
BIPOC
37% Latinx
24% Black
7% Other

28%
Speak limited English

13%
Uninsured

Critical services funded through 340B:

-  Low cost medications
-  Food/nutrition programs
-  Transportation
-  School-based health centers
-  Mobile dental clinics
-  STI prevention programs

The proposed 340B carve out will result in:

-  **Fewer affordable meds**
fewer people with access to the critical medications they need
-  **Fewer sites**
32 CHC sites closed
-  **Fewer staff**
700+ staff laid off, including clinicians, dentists, pharmacists, outreach and support staff
-  **Higher costs**
more people using ERs
-  **Higher morbidity**
more people not getting care
-  **Higher mortality**
more people dying
